

BRONZE LECTURE PROGRAMME 2018

The Bronze Lectures will help you with the theory test for your license. So if you are in flying training, pre or post solo, or just interested and want to brush up your knowledge you will be most welcome. If you do plan to attend please email me:

Subject - Bronze Lectures

Your name

Your email address

All classes will be held on Saturdays from 5pm to 7pm. We'll use the Carr Withall room but we may need to use the small briefing room or the restaurant if there is another big event scheduled.

	Saturday	Subject
1	6 Jan	Air Law & ATC + Human Performance (2)
2	13 Jan	Meteorology part 1
3	20 Jan	Meteorology part 2
4	27 Jan	Communications + Operational Procedures (2)
5	3 Feb	Principles of Flight
6	10 Feb	Flight Planning + Aircraft General Knowledge (2)
7	17 Feb	Navigation Part 1
8	24 Feb	Navigation Part 2
	3 Mar	<i>No Lecture</i>
9	10 Mar	Revision & Exam practice
10	17 Mar	Multiple Choice Exam

All the material will be made available to download so no printed notes are provided. It would be worth buying one of the standard text books, Bronze and Beyond or similar. You'll need an old airspace map for the Navigation also a navigation scale rule, protractor and map pens. All of this equipment is available to buy from the office and we have some old maps you can borrow.

Any questions or concerns just send me an email - Martin Hayden
