

BRONZE LECTURES ONLINE 2022

The Bronze Lectures will help you with the theory exam for your license. So if you are in flying training, pre or post solo, or just want to brush up your knowledge you will be very welcome. If you plan to attend please email me so we have numbers and can schedule more classes if needed.

martin.glide099@outlook.com **Re - Bronze Lectures**

All the classes will be held via Zoom. Join ideally on a laptop or desktop. A phone is just a bit too small.

Tuesday 7 to 9pm		
1	18-Jan	Air Law & ATC + Human Performance
2	25-Jan	Meteorology Part 1
3	01-Feb	Meteorology Part 2
4	08-Feb	Communications + Operational Procedures
5	15-Feb	Principles of Flight
6	22-Feb	Flight Planning + Aircraft General Knowledge
7	01-Mar	Navigation part 1
8	08-Mar	Navigation part 2
9	15-Mar	Revision & Exam practice
10	22-Mar	Multiple Choice Exam

It would be worth buying one of the standard text books, Bronze and Beyond or similar. You'll need an old airspace map for the Navigation also a navigation scale rule, protractor and map pens. All of this equipment is available to buy from the office and we have some old maps you can borrow.

Any questions or concerns send me an email.
